

FULL RANGE OF INDUSTRIAL PACKAGING

### WHO WE ARE

Since 1989, we have been providing reliable industrial packaging solutions for **steel drum, small and intermediate steel drum, and fiber drum** needs of our customers in petrochemical, chemical and food industries from 3 of our facilities all across Turkey. Through the technology and know-how we have developed as a result of our experience in the drum production industry and our continuous research and development activities, we are delivering **turnkey drum manufacturing lines and individual steel and fiber drum production machines** to our customers abroad.

# For over 30 years, we have been manufacturing drums with our own drum manufacturing machines that we engineered and built.

STEEL DRUM  
PRODUCTION  
MACHINERY

### We design and manufacture machinery capable of producing:

**TIGHT HEAD STEEL DRUMS:** 216,6 lt.  
**OPEN TOP STEEL DRUMS:** 216,5 lt.  
**CONICAL STEEL DRUMS:** 217 lt.  
**INTERMEDIATE STEEL DRUMS:** Small drums ranging between 20 - 80 lt.  
**FIBER DRUMS:** Drums made of kraftliner with various volumes and type  
**RECONDITIONED DRUMS**

**Automatic Steel Drum Sheet Cut to length line**  
Complete line with decoiler, straightener, cutter for desired length and stacker.

**Automatic Steel Drum Ends Manufacturing Line**  
Fully automatic steel drum ends blanking and drawing lines either from coil or sheets.

**Automatic Continuous Steel Drum Seam Welder**  
Automatic Continuous Steel Drum Seam Welder with sheet destacking and roll forming

**Automatic Steel Drum Body Production Line**  
Automatic Steel Drum Body Production Line with flanger, beader, corrugation, seaming, testing operations.

**Automatic Steel Drum Finishing Line**  
Painting, Lacquering, Drying Oven, Printing Machines

### YOUR PARTNER IN DRUM PRODUCTION

Apart from being one-stop steel drum manufacturing machinery provider and being able to establish turn-key steel drum production lines, one of **our main advantages** is, being a steel drum manufacturer ourselves, we are knowledgeable about potential production, commercial holdbacks or potential growth areas our customers may face, therefore **we provide guidance and insight** to our steel drum machinery customers about the trends, requirements, suppliers in the steel drum market and develop solutions accordingly.

**Standard Steel Drum Machinery**

**Intermediate Steel Drum Machinery**

**Drum Reconditioning Machinery**

**Fiber Drum Machinery**
